

CW1308 Voice Cable

To BT specification CW1308 is a high specification cable for use in wiring telephone line outlet sockets. It is also ideal for use in other low voltage, low current applications. The cable contains solid tinned annealed copper conductors, each 0.5mm diameter, insulated with colour-coded PVC. Overall insulation is in white PVC.

Technical Specifications

Standards	CW1308 - IEC 60754-1
Conductor	Class 1 solid annealed plain copper
Insulation	PVC (Polyvinyl Chloride)
Separator	Polyester wrapping tape
Sheath	PVC (Polyvinyl Chloride)
Colour	White
Temperature Rating	0°C to +70°C
Minimum Bending Radius	8 x overall diameter

Part Number	Description
NC-CW1308-10E	10 PAIR + EARTH INTERNAL CABLE PVC WHITE
NC-CW1308-10	10 PAIR INTERNAL CABLE PVC WHITE
NC-CW1308-20E	20 PAIR + EARTH INTERNAL CABLE PVC WHITE
NC-CW1308-20	20 PAIR INTERNAL CABLE PVC WHITE
NC-CW1308-50E	50 PAIR + EARTH INTERNAL CABLE PVC WHITE
NC-CW1308-100E	100 PAIR + EARTH INTERNAL CABLE PVC WHITE
NC-CW1308-200E	200 PAIR + EARTH INTERNAL CABLE PVC WHITE
NC-CW1308-320E	320 PAIR + EARTH INTERNAL CABLE PVC WHITE
